## **Introduction**

### What a publication scheme is and why it has been developed?

One of the aims of the Freedom of Information Act 2000 (which is referred to as FOIA in the rest of this document) is that public authorities, including all maintained schools, should be clear and proactive about the information they will make public.

To do this we must produce a publication scheme, setting out:

The classes of information which we publish or intend to publish.

The manner in which the information will be published.

Whether the information is available free of charge or subject to a payment.

The scheme covers information already published and information which is to be published in the future. Most information in our publication scheme is either available for you on our website to download and print off, or is available in paper form.

Some information may not be made public, for example personal information.

This publication scheme conforms to the model scheme for schools approved by the Information Commissioner.

## **Aims**

'At Milford School our mission is to help every child in our care to "Grow, Learn, Believe, Achieve" - we work hard to instill a positive approach to learning.

We believe that working in partnership with parents, carers, governors and our community is essential to ensure success. A family atmosphere is fostered within which children feel confident to express themselves and know that success in any aspect of their lives will be rewarded and celebrated.'

At Milford School we aim to:

- Give learners a range of experiences to support their learning.

- Promote independence in our children, enabling them to be successful in their learning.

- Provide an exciting and varied curriculum where children grow personally, socially and academically.

- Through our teaching of values, develop a caring attitude, and a respect for others and ourselves.

---

Create a happy, safe and interesting learning environment.  
Provide equal opportunities for all.

This publication scheme is a means of showing how we are pursuing these aims.

### **Categories of information published**

The publication scheme guides you to information which we currently publish (or have recently published) or which we will publish in the future. This is split into categories of information known as 'classes'. These are contained in section 6 of this scheme.

The classes of information that we undertake to make available are organised into four broad topic areas:

School Handbook – information published in the school handbook.

School profile and other information relating to the Governing Body – information published in the School Profile and other governing body documents.

Pupils and Curriculum – information about policies that relate to pupils and the school curriculum including references to pupil records and incident logs.

School Policies and other information related to the school – information about policies that relate to the school in general.
