Our vision for this education Trust.

The Godalming Learning Partnership will work collectively to ensure that all children in our area receive the highest quality education, whilst valuing each school's autonomy and uniqueness.

We will use the collective capacity of our schools to:

- maximise the progress and achievement of every young person in our community,
- improve transition for all our learners across each key stage,
- use collective resources to broaden and enrich the learning opportunities for our community,
- develop long-term sustainable partnerships between schools, other education providers and external partner organisations.

4. Trust Forum

In addition to a minority of governors being appointed by the Trust the cooperative model gives all stakeholders - parents/carers, staff, children and the local community an opportunity to meet as part of a 'Trust Forum' (two or three times a year) to discuss the work of the Trust so the community have a greater 'say' in the direction of local education.
