Fun in Year 2

It's been a busy start back to school in Year 2.

On Tuesday we enjoyed a Superhero workshop by Perform. We used our imaginations and pretended to be a variety of different superheroes!

In English, we have been learning all about bees and finding out different facts about them. Year 2 have also started practising our school play - The Bees. We have been reading the script, learning the songs and working out which parts we want to play. We can't wait for our parents to come and watch us perform in school!

The Truth about
Bees

Amazingly good bird when any
bee sting they'd die but the
queen bee does not die. Interestingly
there are 250 different types of
bees in the world. When they
can leave a special worm other
bees that there is no pollen
to collect. Each day bee will
go to a flower but before
they take the pollen to
check if another bee has
all ready been there. Bees
they make they have to show
the nectar first to make the
honey.

The Truth about bees

Amazingly, breathtaking bees
have five legs and stop
pollen in baskets behind
each one. Sadly, bees
are endangered because
of horrible pollution.
Surprisingly more than
400 bees can live in
a hive. You won't believe
it! There are more than
250 types of bees in the
uk.

Before half-term, we took a lot of time and effort to create Sakura paintings and also made pots decorated with Sakura blossom. Here are some pictures for you to see how amazing they are! We can't wait for our trip to Marwell Zoo next Thursday!

Mufti Day—Friday 24th June

For mufti day please could you donate an item that ties with the colour of your child's class. These will be bundled together to make hampers for the raffle. They were a great success last year, especially for the winner of the Oak class hamper as there are many green gin bottles.
