REACH FOR THE STARS

When the world leaves you feeling blue
You can count on me, I will be there for you
When it seems all your hopes and dreams
Are a million miles away, I will reassure you
We've got to all stick together
Good friends are there for each other
Never, ever forget that I got you
And you've got me, so
Reach for the stars
Climb every mountain higher
Reach for the stars
Follow your heart's desire
Reach for the stars
And when that rainbow's shining over you
That's when your dreams will all come true
There's a place waiting just for you
It's a special place where your dreams all
come true
Fly away
Swim the ocean blue
Drive that open road, leave the past behind
you
Don't stop, gotta keep moving
Your hopes, gotta keep building
Never, ever forget that I got you
And you've got me, so
Reach for the stars
Climb every mountain higher
Reach for the stars
Follow your heart's desire
Reach for the stars
And when that rainbow's shining over you
That's when your dreams will all come true

Don't believe in all that you've been told
The sky's the limit, you can reach your goal
No one knows just what the future holds
There ain't nothing you can't beat
There's a whole world at your feet
I said reach!
Climb every mountain (reach)
Reach for the moon (reach)
Follow that rainbow
And your dreams will all come true
Reach for the stars
Climb every mountain higher
Reach for the stars
Follow your heart's desire
Reach for the stars
And when that rainbow's shining over you
That's when your dreams will all come true
Reach for the stars
Climb every mountain higher
Reach for the stars
Follow your heart's desire
Reach for the stars
And when that rainbow's shining over you
That's when your dreams will all come true
Reach for the stars
Climb every mountain higher
Reach for the stars
Follow your heart's desire
Reach for the stars

Is Roblox safe for my child?

Information to help you decide if Roblox is suitable
for your child

Roblox is a gaming platform where players can create and publish their own games. The platform can be a great educational tool to help teach children new skills like coding. However, there are also some risks.

Roblox allows players to build and publish their own games. This means that other users could build games that contain adult or inappropriate themes that your child might see.

Players can use the communication features of Roblox to talk to one other while they are playing. This means that there is a risk of cyberbullying or unwanted contact.

Roblox does have Community Standards that outline what behaviour is and isn't acceptable on the platform. They also have moderators who review and remove inappropriate content. They also have a range of parental controls and safety settings that can help keep your child safer on the platform.

Here are some tips that can help keep them safe on the platform.

Six tips to help keep your child safe on Roblox

- **Sign up with the correct age**
Make sure your child creates an account using the correct age. On Roblox, certain safety settings and parental controls are enabled by default for children under 13. However, you should still review the settings to ensure they've been set up correctly.
- **Build a list of age-appropriate games**
Not all games on Roblox will be appropriate for your child. The platform has a setting that lets parents and carers limit what their child can play by allowing them to build lists of age-appropriate games. You can also switch off in-app spending or set them monthly limits.
- **Explore communication settings**
You can manage who your child can speak to by disabling chat completely or limiting it to friends only. You can also switch off their inbox to stop them receiving direct messages.
- **Explore the platform together**
Ask your child to give you a demonstration of the platform to help you understand how they use it and explore some of the parental controls together. You could even consider setting up your own account and playing the games yourself.
- **Have regular conversations about gaming**
Continue to have regular conversations with them about what they are doing online. Ask your child open questions like 'What games have you been playing on Roblox recently?' or 'What platforms have you been using to play games?'.
- **Check out the NSPCC Online Safety Hub**
Visit the NSPCC Online Safety Hub for more advice and tips on gaming, talking to your child and much more. If you need more information on setting up parental controls on Roblox, visit their Parent Guide.
