ATTENDANCE 94.4%

Dear Parents

We hope you all had a wonderful Easter holiday. The children have settled in well as we look forward to a busy term ahead. Year 2 went to visit The Mosque and Guildford Cathedral today and next week Oak (Tuesday) and Willow (Friday) will have their first Woodland School trip. Please sign up on Innovate for the packed lunch option. Hope you all have a relaxing weekend.

Much love The Milford Team

SAFEGUARDING

VE Day Celebrations—Friday 9th May

We will be remembering the 80th anniversary of VE day on Friday 9th May. Children can wear Mufti of red, white and blue and can also bring a picnic snack to have during the celebrations at 2pm. (no nuts or fizzy drinks)

TIPS FOR MANAGING CHILDREN'S SCREEN TIME

Balance screen time with other activities. While your children may be getting more time on screens during this time, just be sure to balance this time with screen-free activities.

Keep meals media-free to promote meaningful conversations and improve dietary patterns.

Model good behaviours by setting time aside every day to fully engage with your family without screens nearby.

Keep mobile devices and charging stations out of the bedroom to promote healthy sleep patterns.

Avoid using screens as a reward or punishment to control behaviour. This can cause children to place high value on screen time and desire more of it.

Use screens for **creating human connection**, such as a video call with grandparents.

Is Roblox safe for my child?

Information to help you decide if Roblox is suitable for your child

Roblox is a gaming platform where players can create and publish their own games. The platform can be a great educational tool to help teach children new skills like coding. However, there are also some risks.

Roblox allows players to build and publish their own games. This means that other users could build games that contain adult or inappropriate themes that your child might see.

Players can use the communication features of Roblox to talk to one other while they are playing. This means that there is a risk of cyberbullying or unwanted contact.

Roblox does have Community Standards that outline what behaviour is and isn't acceptable on the platform. They also have moderators who review and remove inappropriate content. They also have a range of parental controls and safety settings that can help keep your child safer on the platform.

Here are some tips that can help keep them safe on the platform.

Six tips to help keep your child safe on Roblox

- **Sign up with the correct age**
Make sure your child creates an account using the correct age. On Roblox, certain safety settings and parental controls are enabled by default for children under 13. However, you should still review the settings to ensure they've been set up correctly.
- **Build a list of age-appropriate games**
Not all games on Roblox will be appropriate for your child. The platform has a setting that lets parents and carers limit what their child can play by allowing them to build lists of age-appropriate games. You can also switch off in-app spending or set them monthly limits.
- **Explore communication settings**
You can manage who your child can speak to by disabling chat completely or limiting it to friends only. You can also switch off their inbox to stop them receiving direct messages.
- **Explore the platform together**
Ask your child to give you a demonstration of the platform to help you understand how they use it and explore some of the parental controls together. You could even consider setting up your own account and playing the games yourself.
- **Have regular conversations about gaming**
Continue to have regular conversations with them about what they are doing online. Ask your child open questions like 'What games have you been playing on Roblox recently?' or 'What platforms have you been using to play games?'
- **Check out the NSPCC Online Safety Hub**
Visit the NSPCC Online Safety Hub for more advice and tips on gaming, talking to your child and much more. If you need more information on setting up parental controls on Roblox, visit their Parent Guide.
